

Neonatal Baby Scale

Model : WMMS5900

The MS5900 infant digital scale features a curved baby tray to safely and comfortably hold infants during weighing. A 2 gram graduation below 6 kg (model WMMS590015K) allows tracking of slight changes in an infants' weight.

Other features include Tare function allowing for the weight of a nappy to be subtracted from the total weight, hold function that locks in a weight measurement even as the infant continues to move and milk intake function to assist in monitoring how much a baby has consumed during feeding.

FEATURES

- ergonomically contoured baby weighing tray
- anti-tilt design
- hold, tare and milk intake functions
- AC/DC power adaptor and AA battery operation
- kg weighing units
- net weight 4.1 kg
- Australian Register of Therapeutic Goods (ARTG) # 329077

OPTIONS

- baby measuring rod, model # WMHM80M5900 (ARTG # 329078)
- carry bag, model # WM101CB (not TGA registered)
